

I'd like to ask that you not allow LPFM stations take priority over FM translator services. One station that serves our community is K-LOVE heard on 106.7. This station provides a commercial free music that is fit for my entire family. It is the only station of its kind serving this area. I have a 5 and 8 year old and I do not have to worry about the content played on this station. If this station were displaced by an LPFM broadcaster, I would be concerned that it would not be replaced with a station as uplifting or with the same focus on the family. K-LOVE provides music, commentary and programming that is encouraging, uplifting and morally sound. I ask that you please consider alternative measures for LPFM broadcaster so that FM translator services are not impacted.
